U.S. President's Emergency Plan for AIDS Relief

PEPFAR Update

October 28, 2020

17 YEARS OF SAVING LIVES THROUGH AMERICAN GENEROSITY AND PARTNERSHIPS

Outline

1. Prevention/COVID Questions
2. COP Guidance Process/Timeline
3. PEPFAR Strategy Process

COVID/Prevention Follow Up Questions

1. What progress has been made on resolving the condom and/or lube supply issues in the following 5 countries? Angola, Ghana, Liberia, Mali, and Namibia. What sort of ongoing monitoring of condom and lube supplies is PEPFAR undertaking and have any new countries emerged as facing issues?
2. How are VMMC targets being modified and/or extra precautions being put in place to ensure voluntarism and consent after the nearly complete stoppage as a result of the lock downs, while firm PEPFAR targets on VMMC remain in place?
3. One challenge that was identified for DREAMS was the lack of access to phones among AGYW - what progress has been made on either getting them phones or identifying alternative ways to reach them?
4. Has there continued to be significant variation in demand and initiation of PrEP across countries? How are programs adapting to ensure people know about and can access PrEP?
5. Has PEPFAR experienced a decrease in maternal and pediatric HIV service uptake since the emergence of COVID-19 in PEPFAR-supported countries? What measures are PEPFAR taking to ensure HIV positive pregnant women are safely accessing ANC, PMTCT, and postnatal services during the COVID pandemic?

PEPFAR Strategy Renewal

- The current PEPFAR Strategy for Accelerating HIV/AIDS Epidemic Control spans **2017-2020**; we're excited that many countries have reached – or will soon reach – epidemic control under our current Strategy
- Building on this progress, we're now in the formative stage of conceptualizing the next PEPFAR Strategy, with a **vision for 2021-2025**
- We're excited to hear your insights and ideas on the next PEPFAR Strategy – **its vision, priorities, goals, and objectives** – both today, and as we move forward
- We'll soon circulate a **survey** to solicit inputs from a broader group of our stakeholders on the next PEPFAR Strategy
- We're also working to **coordinate** crafting of the next PEPFAR Strategy with the respective strategy development processes underway at the **Global Fund and UNAIDS**
