

To get back on track on ending the epidemics of AIDS, TB and malaria and continue U.S. leadership in support of the Global Fund, Friends urges Congress to appropriate at least \$1.65 billion to the Global Fund in FY25.

A \$1.65 BILLION INVESTMENT IN THE GLOBAL FUND WOULD TRANSLATE TO:

26.8 million
people receiving malaria treatment and care

1.9 million
lives saved through programs supported by the Global Fund

41.8 million
new infections or cases averted across the three diseases

\$47.8 billion
in economic returns created through health gains

666,931

people receiving seasonal malaria chemoprevention to protect children and families from malaria

2.6 million
people receiving antiretroviral therapy

125.8 million
mosquito nets distributed to protect children and families from malaria

249,400
mothers receiving medicine to prevent transmitting HIV to their babies

WHAT DOES A \$1.65 BILLION INVESTMENT IN THE GLOBAL FUND BUY?

81,009
HIV-positive TB patients receiving antiretroviral therapy

70.8 million
people receiving HIV counselling and testing

61,466
people receiving treatment for multidrug-resistant TB

30.1 million
people screened for TB

1.6 million
people receiving TB treatment and care

4.3 million
members of key populations reached with prevention programs
